

“I will become a Doctor and help the poor”

I am Swati Baghel and I am 12 years old. I am studying in class VII in Vimukti Girls School.

My father works as a driver and my mother is a housewife. I have one brother and 2 sisters. One of my sister also studies in Vimukti Girls School in class VIII.

My father came to know about Vimukti School from his employer who is also a board member of Vimukti.

My sister and I joined Vimukti 3 years back. I love my school very much, I have many friends here and I have learnt so many thing like making cards, diyas and rakhis.

I love to have the snacks and milk provided here every day. Last year, I participated in sports day and stood first in race.

I love to study science. My aim is to become a doctor so that I can serve the society. I will always be there to help the poor as my teachers do.
